Message to Our Unitholders

I would like to express our sincere gratitude for your continued and loyal patronage.

I hereby report on the management status and financial results for the 12th fiscal period ended October 2020 of Sekisui House Reit, Inc. ("SHR").

The fiscal period under review started with the announcing of stay at home order to prevent the spread of COVID-19.

Under these circumstances, tenants requested rent concessions. However, the number of requests and the amount of impact were low, and the impact of COVID-19 on the business results for the fiscal period under review was slight.

SHR owns 121 properties at asset size of 532.9 billion yen (245.5 billion yen for office buildings, 248.0 billion yen for residence and 39.3 billion yen for hotel) with no change from the end of the previous period.

Regarding the occupancy rate as of the end of the 12th fiscal period ended October 2020, the office buildings at 100%, the residence at 96.7%, the hotel at 100%, and the portfolio as a whole at 97.7% and continued to maintain high levels.

As the result above, management performance for the fiscal period under review resulted in operating revenue of 14,826 million yen, operating income of 7,868 million yen, ordinary income of 6,993 million yen and net income of 6,992 million yen, and the distribution per unit declared for the fiscal period was 1,685 yen. The future economic activity is still uncertain due to no prospect of convergence of COVID-19 pandemic. SHR will continually pay close attention to future trends and strive for agile operation in anticipation of changes in the environment to focus on stabilizing distributions.

As a continuing effort, SHR, together with Sekisui House, our sponsor that aims to become a leading company in ESG management, will proactively disclose ESG-related information and strives to enhance dialogues with stakeholders.

In September 2020, SHR issued green bonds in a total amount of 8 billion yen under favorable conditions as a continuous effort to conduct real estate investment with due consideration given to ESG. SHR issued first ESG report in December 2020.

I ask for the continued support and encouragement of unitholders.

January 2021

Investment Policy

Investment Strategies

■ Prime Properties centered on "Strategic Location" and "High Quality"

Designate "high quality" residential properties and commercial properties located in "strategic location" as "Prime Properties", and continue to invest primarily in Prime Properties with the aim of enhancing the quality of the portfolio.

Asset category	Strategic location	High quality
Residential Properties	Sites suited for "bases for sustainable living" for residents	As residences, provide high-class fundamental functionality, such as comfort and safety, and give due consideration to the environment as a societal request to make comprehensive determinations regarding buildings suited to neighborhoods and the like.
Commercial Properties	Sites suited for "sustainable bases of operation" of tenant companies	In addition to the functionality sought by tenant companies, give consideration to the environment as a societal request and establish specifications suitable for BCP sites to make comprehensive determinations regarding buildings suited to neighborhoods and the like.

Portfolio Development Policy

■ Investment Ratio by Usage Type

Build a portfolio with "residences" as "the sustainable bases of living for residents" and "office buildings" as "the sustainable bases of operation for business", as core assets, while promoting investment in hotels that are expected to achieve continuous growth.

	Asset category	Usage type	Examples of specific asset types	Investment ratio (acquisition price basis)	As of Dec. 15, 2020 (the announcement date of business results)	Target investment ratio in the medium to long term
	Residential Properties	Core assets Residence	Residences Student dormitories Company housings	30%-55%	46.6%	Approx. 45 %
	Commercial Properties	Office building	Office buildings Data centers	30%-55%	46.1%	Approx. 45%
		Hotel	Hotels	0%-30%	7.4%	Approx. 15%
		Retail and other properties	Retail properties Serviced apartments Senior properties (Note)	0%-10%	_	(The ratio of Hote is Approx. 10%)

(Note) Housings for the elderly with services, Fee-based homes for the aged and Daycare centers are included in Senior properties.

■ Investment Ratio in Priority Investment Area by Asset Category

Set priority investment areas and investment ratio in light of the characteristics of each asset category.

Asset category	Priority investment area	Investment ratio (acquisition price basis)	As of Dec. 15, 2020 (the announcement date of business results)	
Residential Properties	Greater Tokyo	70% or higher	76.8%	
Commercial Properties	Three Major Metropolitan Areas (Greater Tokyo, Osaka area, Nagoya area)	80% or higher	100%	

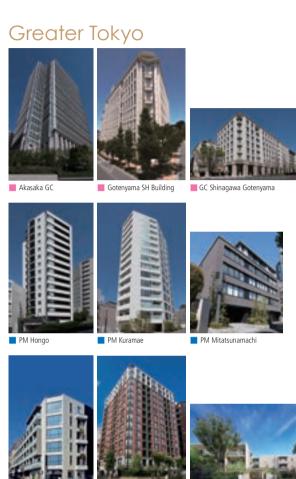

Investment Policy for Hotel

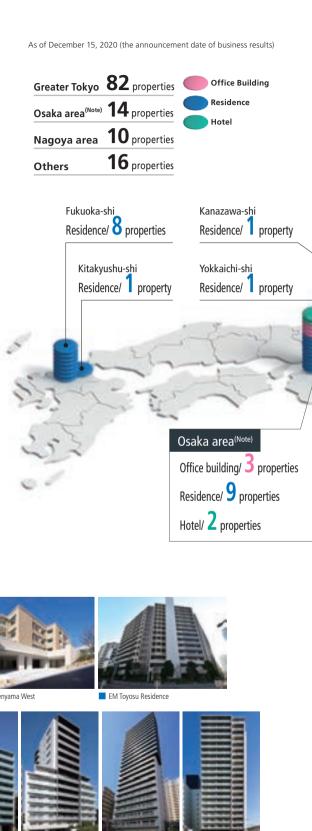

- Invest in hotels which can be expected to be highly competitive over the medium to long term (simplified accommodations and the like are in principle not be invested).
- Invest primarily in hotels regarded as Prime Properties.

Signatory of:

Environment

In recent years, climate change caused by global warming is highly affecting the environment, society, lifestyle of people and corporate activities. SHR, who conducts real estate investment management with due consideration given to the ESG, recognizes that resolving environmental issues such as climate change is one of the key issues in our policy of contributing to the realization of a sustainable society. Based on this recognition, SHR sets targets for the environment-related indicators of owned properties with introducing LED lighting, energy-saving air conditioner, Low-E paired glasses with thermal insulation, and other equipment with low environmental impact in the properties, thereby contributing decarbonization. In accordance with the Gohon no ki ("five trees") project promoted by Sekisui House, SHR conducts maintenance and management of planting and other greenery measures, centering on tree species with consideration given to the native vegetation and other ecosystem matters.

Governance

For the purpose of tightening examinations on transactions with interested parties, including the acquisition of portfolio assets and the entrustment of property management services, SHAM has adopted frameworks each decision to be made by Investment Committee and Compliance Committee must be conditional upon the attendance and assent by external members appointed from among professionals who have no special interest with interested parties of SHAM.

Furthermore, SHAM stipulates Rules for Transactions with Interested Parties concerning transactions between the interested parties of SHAM and SHR as an internal rule to exclude adverse effect of conflicts of interest. For example the acquisition price or sale price must be refer to appraisal value, etc. determined by a real estate appraiser who is a non-interested party. From perspective of emphasizing unitholder benefit, SHR further strengthens the incentive for maximizing unitholder value by introducing the asset management fee structure partly linked to performance of SHR's investment units, which is paid to SHAM by SHR.

Asset Management Fee

Management Fee I (Fees linked to total assets and investment units performance)	Total assets × (0.14% (annual rate) + Rates linked to relative performance against TSE REIT Index(upper limit: +0.02%; lower limit:-0.02%)) ^(Note 1)		
Management Fee II (Fees linked to DPU and operating income)	(Distributable amount per unit × Operating income (Note 2) × 0.002%) × 2 (Note 3)		
Management Fee III (Acquisition fees)	Acquisition price × 0.3% However, in the case of acquisition from interested parties, there is no acquisition fee. (Note 4)		
Management Fee IV (Disposition fees)	Sale price × 0.3% However, in the case of sale to interested parties, there is no disposition fee.(Note 4)		
Management Fee V (Merger fees)	Value of Real Estate-Related Assets held by the merger counterparty at the time of the merger \times 0.4%		

(Note 1) The rate fluctuates depending on the performance-comparison of the investment unit price of SHR and the TSE REIT Index

(Note 2) "Distributable amount per unit" and "Operating Income" are before deduction of management fee II .

(Note 3) As SHR implemented a 2-for-1 split of the investment units with May 1, 2018 as the effective date, Management Fee II is calculated by multiplying by 2, which is the split ratio.

(Note 4) The sale and purchase value does not include consumption tax, etc. and expenses, etc.

Outline of asset management operation

- 1. Developments in Asset Management in the Fiscal Period under Review
- (1) Brief History of the Investment Corporation

Sekisui House Reit, Inc. ("SHR") was established on September 8, 2014 as an investment corporation investing primarily in commercial properties including office buildings, hotels and retail and other properties, sponsored by Sekisui House, Ltd. ("Sekisui House"), a leading homebuilder representing Japan with an established development and management track record also in the property development business. SHR was listed on the Real Estate Investment Trust Section of the Tokyo Stock Exchange, Inc. ("Tokyo Stock Exchange") on December 3, 2014 (securities code: 3309).

Sekisui House Residential Investment Corporation ("SHI," and collectively with SHR, the "Two Investment Corporations") was established on April 20, 2005 as an investment corporation investing primarily in residences and retail properties, with the corporate name of JOINT REIT Investment Corporation, and listed on the Real Estate Investment Trust Section of the Tokyo Stock Exchange on July 28, 2005. In March 2010, a collaboration system was established with Sekisui House serving as the main sponsor and Spring Investment Co., Ltd. as joint sponsor for the investment corporation, which was renamed from JOINT REIT Investment Corporation to Sekisui House SI Investment Corporation in June 2010. Later, in June 2014, its Articles of Incorporation were revised to set residences as the sole target of investment, and the corporate name was changed to Sekisui House SI Residential Investment Corporation. Subsequently, in association with the shift to a structure in which Sekisui House serves as the sole sponsor in March 2017, SHI was renamed to Sekisui House Residential Investment Corporation in June 2017.

The Two Investment Corporations, each under the support of the Sekisui House Group^(Note 1), had separately conducted asset management in an effort to expand their assets and secure stable returns by utilizing their respective strengths with the aim of continuous enhancement of unitholder value. However, with an aim to secure strong returns and stability and growth of cash distributions through promoting a steady increase of assets under management and endeavor to maximize unitholder value by further expanding the scale of their assets and increasing their market presence and expanding a variety of opportunities for growth through utilizing the integrated corporate strength of the Sekisui House Group, the Two Investment Corporations conducted an absorption-type merger with SHR as the surviving corporation and SHI as the dissolving corporation (the "Investment Corporation Merger"), setting May 1, 2018 as the effective date^(Note 2).

SHR's investment policy is to conduct asset management that seeks to secure stable earnings over the medium to long term and steady growth of its investment assets, with residential properties^(Note 3) and commercial properties^(Note 4) as major investment targets.

- (Note 1) "Sekisui House Group" refers to a group of companies comprised of Sekisui House and its consolidated subsidiaries and its affiliates accounted for by the equity method. The same shall apply hereinafter.
- (Note 2) In association with the Investment Corporation Merger, Sekisui House Asset Management, Ltd. (the "former SHAM"), the asset management company for SHI, and Sekisui House Asset Management, Ltd. (former name: Sekisui House Investment Advisors, Ltd.) ("SHAM"), the asset management company for SHR, carried out an absorption-type merger as of the same date as the effective date of the Investment Corporation Merger, with SHAM being the surviving company and the former SHAM being the dissolving company, and changed the company name to the current one.
- (Note 3) "Residential properties" refer to real estate whose principal use is residence (including student dormitories, company housing, furnished residences with appliances which do not fall under serviced apartments (*1) (*2)). The same shall apply hereinafter.

 (*1) "Serviced apartments" refer to furnished residences with appliances where a dedicated operator provides certain services to users. The same shall apply hereinafter.
 - (*2) Some serviced apartments may fall under apartment houses as defined in the Building Standards Act (Act No. 201 of 1950, as amended) (the "Building Standards Act"). The same shall apply hereinafter.
- (Note 4) "Commercial properties" refer to real estate whose principal use is for office buildings, hotels and retail and other properties (including serviced apartments, housing for elderly with service, fee-based homes for the aged, and daycare centers (*); the same shall apply hereinafter.) and other non-residential business purposes. The same shall apply hereinafter.
 - (*) Some housing for elderly with service, fee-based homes for the aged, and daycare centers may fall under apartment houses as defined in the Building Standards Act. The same shall apply hereinafter.

(2) Management Environment and Management Performance

a. Management Environment

During the fiscal period under review, the Japanese economy remained the severe situation due to the impact of COVID-19, but personal consumption and production are recovering under the resumption of economic activity. Under such circumstances, in the real estate leasing market, regarding the residences and office buildings, which are positioned by SHR as core assets of the portfolio and constitute approximately 93% of the portfolio (on an acquisition-price basis) as of October 31, 2020 ("as of the end of the fiscal period under review"), because the leasing activity of residences was temporarily stagnated due to the self-restraint during the period of stay at home order, the number of new applications and contracts for residences have declined. However, after that, the situation continued to recover. In addition, office buildings continued to have favorable supply-demand conditions and rental demand remained robust. On the other hand, hotels that constitute approximately 7% of SHR's portfolio (on an acquisition-price basis) have continued the severe situation as overseas travel demand is stagnant due to travel and immigration restrictions and self-restraint within Japan under pandemic of COVID-19. In the real estate transaction market, though the asset type which is less impacted by COVID-19 had a tendency to be prefered, investors in Japan and overseas have continued to have a strong desire to acquire properties under accommodative financial conditions, or SHR has seen a shortage of superior properties that it considers to be an

b. Management Performance

The number of properties SHR owned as of the end of the fiscal period under review to 121 (comprising 113 residential properties and 8 commercial properties) with an aggregate acquisition price^(Note) of 532,910 million yen (248,090 million yen for residential properties and 284,820 million yen for commercial properties).

Moreover, the occupancy rate of SHR's investment assets as of the end of the fiscal period under review stood at 96.7% for residential properties, 100.0% for commercial properties and 97.7% for the entire portfolio against the backdrop of the real estate leasing market as described above.

(Note) The "acquisition price" indicates the transaction price shown in the sales agreements for respective properties (excluding consumption tax, local consumption tax and commission and other various expenses, rounded down to the nearest million yen). For properties SHR succeeded from SHI through the Investment Corporation Merger, however, the value based on the appraisal by real estate appraisers with April 30, 2018 as the appraisal date is used as the acquisition price, because the acceptance price should be the appraisal value upon the acquisition by SHR as such properties are accounted for by the purchase method with SHR set as the acquiring corporation and SHI as the acquired corporation. The same shall apply hereinafter.

(3) Overview of Fund Procurement

a. Borrowings and Issuance of Investment Corporation Bonds

investment target, and expected cap rate has remained at low levels.

In order to repay borrowings due for repayment during the fiscal period under review and do the long-term fixation for the short-term borrowings on April 20, 2020, SHR made borrowing of 20,200 million yen. Also, SHR issued green bonds on September 9, 2020 (the issuance amount of the seventh investment corporation bonds is 4,000 million yen, maturity is 5 years, the issuance amount of the eighth investment corporation bonds is 4,000 million yen, maturity is 10 years) and used the funds to redeem the long-term borrowings made on May 29, 2020. As a result, the balance of interest-bearing liabilities at the end of the fiscal period under review is 249,942 million yen and the ratio of total interest-bearing liabilities to total assets ("LTV (total assets basis)") is 45.1%. Furthermore, in order to ensure the stability and flixablity of financing measures, a commitment line agreement with a maxium amout of 15,000 million yen was signed again on October 27, 2020.

4. Future Management Policy

(1) Future Trends Outlook

The Japanese economy is expected to recover gradually due to the resume of economic activity with taking action of preventing the spread of COVID-19, reflection of various measures, and recovery of overseas' economy. However, paying close attention to the risk of undermining domestic and global economy by COVID-19 is needed. In addition, it is necessary to monitor the effect of fluction in financial markets and capital markets closely.

Despite these circumstances, SHR believes that demand for residence and office building, which are living and operation bases in the real estate leasing market, will continue to be firm in general, but SHR considers that the impact of COVID-19 and the new lifestyles on tenant trends need to be watched closely. On the other hand, the demand for hotel rooms is expected to remain severe for the time being due to factors such as the decrease in the number of foreign tourists visiting Japan due to immigration restrictions and self-restraint within Japan. After the Japanese government issued the stay at home order, temporary closures and closures were observed in some of SHR's retail tenants in residencial properties, office buildings and two hotels of SHR's portfolio. In the future, similar measures will be taken by tenants depending on the situation of COVID-19. Therefore, it is necessary to pay close attention to the impact of COVID-19 on the economic activities of tenants.

In the real estate transaction market, SHR expects the cap rate to remain low for the foreseeable future, but SHR believes that it is necessary to carefully assess the situation of COVID-19 (including the period required for the conclusion of the pandemic and the degree of economic recovery after the end of the pandemic).

(2) Future Management Policy and Challenges to Address

SHR will continue to focus on prime properties—high-quality residential properties and commercial properties situated in strategic locations—as its core investment targets among other main investment targets. By implementing growth strategies that take full advantage of the real estate development and operation capabilities and other strengths of the Sekisui House Group, which has established an extensive track record of developing and operating residential properties and commercial properties, SHR will seek to secure stable earnings over the medium to long term and steady growth of its investment assets and thereby aim to maximize unitholder value. On the other hand, SHR will endeavor to expand its asset size by exploring investment opportunities through the initiatives of SHAM on its own.

Concerning main investment target areas in Japan for residential properties, SHR has set Greater Tokyo^(Note 1) as the core investment area with a focus on the Tokyo 23 wards, which are believed to have a number of prime properties that offer locations accommodating residents' needs as well as excellent basic functions as a residence including comfort and safety and such and are expected to see strong leasing demand and supplies of prime properties. In addition, SHR will invest in other major cities throughout Japan outside of Greater Tokyo including government designated cities as well as their surrounding commutable areas, where networks of Sekisui House and Six Sekisui House Real Estate Companies^(Note 2) can be fully utilized.

SHR has set the three major metropolitan areas^(Note 1) with three large cities, namely the Tokyo 23 wards, Osaka City and Nagoya City, all of which SHR has knowledge in the course of developments by Sekisui House, as the core investment areas in Japan for commercial properties, with a focus on the three large cities, in which SHR can expect stable management against the backdrop of solidified demand resulting from being bases for tenant companies' business activities. In addition, major cities throughout Japan other than the three major metropolitan areas are set as investment areas.

SHR has executed a sponsor support agreement with Sekisui House. This agreement provides for utilization of the urban redevelopment business track record and know-how of Sekisui House, allowing SHR to seek from Sekisui House property acquisition support for external growth (pipeline support). Specifically, such support will (a) grant to SHR preferential negotiation rights with regard to the sale of domestic real estate, etc. owned or developed by Sekisui House, (b) provide SHR with information on real estate, etc. owned or developed in Japan by third parties, (c) provide SHR with warehousing functions, and (d) provide SHR with support for the redevelopment of owned properties.

Furthermore, SHR has concluded agreements concerning preferential negotiation rights (and others) with the Six Sekisui House Real Estate Companies. Thus, particularly with residential properties, SHR will be able to receive support in acquiring properties for external growth, such as granting of preferential negotiation rights regarding sale of domestic real estate, etc. owned or developed by the Six Sekisui House Real Estate Companies.

Sekisui House and Sekisui House Real Estate Group^(Note 3) possess (a) property management ("PM") skills based on their relationship with tenants, (b) know-how as a real estate developer to maintain/improve real estate value through large-scale repair, renovation/value enhancement, redevelopment, etc., and (c) know-how on developing various types of master leasing businesses. SHR and SHAM can, by concluding a PM services consignment agreement ("PM Agreement") or a sponsor support agreement with Sekisui House, seek (a) property management services for commercial properties, and (b) in relation to management of owned assets for internal growth, (i) technologies and know-how that contribute to the improvement of tenant satisfaction or other factors, including energy efficiency and eco-friendliness, that contribute to the renovation/value enhancement of properties, (ii) personnel support, including provision of know-how required for the operation of SHR, and (iii) support in areas such as negotiation of master lease agreements with regard to commercial properties. Furthermore, Sekisui House Real Estate Group possesses PM skills, including know-how on PM services proven by tenant solicitation utilizing its nationwide network and an abundant management track record. As such, SHR will capitalize on the PM skills possessed by Sekisui House Real Estate Group by concluding a PM Agreement with Sekisui House Real Estate Group for residential properties.

- (Note 1) The "three major metropolitan areas" refer to "Greater Tokyo," the "Osaka area" and the "Nagoya area," where "Greater Tokyo" refers to Tokyo, Kanagawa Prefecture, Chiba Prefecture and Saitama Prefecture, the "Osaka area" refers to Osaka Prefecture, Kyoto Prefecture, Hyogo Prefecture and Nara Prefecture and the "Nagoya area" refers to Aichi Prefecture. The same shall apply hereinafter.
- (Note 2) "Six Sekisui House Real Estate Companies" is a collective name for Sekisui House Real Estate Tokyo, Ltd., Sekisui House Real Estate Tohoku, Ltd., Sekisui House Real Estate Chubu, Ltd., Sekisui House Real Estate Kansai, Ltd., Sekisui House Real Estate Chugoku&Shikoku, Ltd. and Sekisui House Real Estate Kyushu, Ltd., which are wholly-owned subsidiaries of Sekisui House and are core companies of real estate unit of the Sekisui House Group operating nationwide. The same shall apply hereinafter.
- (Note 3) "Sekisui House Real Estate Group" refers to a group of companies comprised of Six Sekisui House Real Estate Companies as the core, and of its subsidiaries and affiliates. The same shall apply hereinafter.

(3) Financial Strategy

SHR has adopted as its policy the conduct of stable and sound financial operations in order to secure stable earnings over the medium to long term and enhance unitholder value. Specifically, the policy is to form strong and stable business relationships with leading domestic financial institutions, centering on megabanks, bolstered by the creditworthiness of the sponsor, Sekisui House, and also to reduce refinancing risks and risks of fluctuations in interest rates by exploring the extension of borrowing periods and working to diversify dates for repayment, etc., while pursuing the optimum balance between fixed-rate and floating-rate debts.

In addition, with regard to LTV (total assets basis), although SHR has the policy to set the figure at 60% as its upper limit, SHR will control the figure at mid-40%, which is a conservative level, setting the upper limit for the time being at around 50% with a focus on securing its funding capabilities.

Furthermore, SHR will work to diversify its sources for direct and indirect financing, such as by issuing investment corporation bonds, in comprehensive consideration of the market environment, SHR's financial standing and other factors, while continuing its endeavors for stable and sound financial operations.

5. Significant Subsequent Events Not applicable.

- (Note 1) "Book value at the end of period" refers to the depreciated book value of each property as of the end of the fiscal period under review, rounded down to the nearest million yen. The same shall apply hereinafter.
- (Note 2) "Leasable area" refers to the floor area presumably available for leasing based on the lease agreement or building drawing, etc. for each property that is valid as of the end of the fiscal period under review, rounded down to the second decimal place. In cases where the properties SHR owns are co-ownership interest or quasi co-ownership interest of trust beneficiary interests in real estate for respective properties, the figure indicates the value obtained by multiplying the leasable area of real estate or real estate in trust (or the leasable area of exclusively-owned portions for properties under compartmentalized ownership interest) by the ratio of the ownership interest owned by SHR or trustees. The same shall apply hereinafter.
- (Note 3) "Leased area" refers to the sum total of the leased area indicated in the respective lease agreements, which are valid as of the end of the fiscal period under review, with the end tenants for each of the properties or the leased area based on building drawings. However, the leasable area of each property is indicated in case fixed rent type master lease agreements have been concluded with the master lease companies, regardless of whether lease agreements have been concluded with the end tenants. For Akasaka Garden City and The Ritz-Carlton, Kyoto, the figure indicates the area corresponding to the quasi corownership interest owned by SHR. The same shall apply hereinafter.
- (Note 4) "Occupancy rate" refers to the ratio of leased area to leasable area of each property as of the end of the fiscal period under review, rounded to the nearest first decimal place. The figure indicated in the "Total" column indicates the ratio of the sum total of leased area of each property to the sum total of leasable area of each property, rounded to the nearest first decimal place.
- (Note 5) Figures under the heading "As a percentage of total property-related operating revenue" indicate the ratio of property-related operating revenue of each property for the fiscal period under review to total property-related operating revenue of each property of SHR's entire portfolio for the fiscal period under review, rounded to the nearest first decimal place.
- (Note 6) "Hommachi Garden City" comprises the portions used as office building and retail property ("Hommachi Garden City (Office building portion)") and the portions used as a hotel ("Hommachi Garden City (Hotel portion)"). In this document, the overview and other information regarding the property may be described separately for the Office building portion and the Hotel portion. The same shall apply hereinafter.
- (Note 7) For "Akasaka Garden City", SHR owns 65.45% quasi co-ownership interest of trust beneficiary interest in real estate regarding the compartmentalized ownership interest in all of the exclusively-owned portions of the 1st floor under ground through 4th floor above ground and 11th floor through 19th floor above ground of the building, as well as the accompanying right of site (ratio of right of site: 662,768/1,000,000 (or approximately 66.3%)), and the figures indicate the value corresponding to the quasi co-ownership interest.

 The same shall amply hereinafter
- (Note 8) For "The Ritz-Carlton, Kyoto", SHR owns 49% quasi co-ownership interest of trust beneficiary interest in real estate for the property as of the end of the fiscal period under review. The figures indicate the value corresponding to the quasi co-ownership interest SHR owns. The same shall apply hereinafter.

- (Note 1) "Property number" is the number assigned by property after classifying the properties owned by SHR by usage type, and the letters R, O and H refer to residence, office building and hotel, respectively. The same shall apply hereinafter.
- (Note 2) "Location" is indicated based on the statement in the registry. If there are multiple statements of locations in the registry, either one of them is indicated.
- (Note 3) "Estimated value at the end of period" refers to the value stated in each real estate appraisal report (with the end of April as the appraisal date) for each fiscal period ended April, and the value stated in each real estate appraisal report (with the end of October as the appraisal date) or the survey value stated in each real estate survey value report (with the end of October as the survey date) as a result of value surveys not pursuant to real estate appraisal standards, for each fiscal period ended October, rounded down to the nearest million yen.
- (Note 4) For Esty Maison Gotanda, SHR owns real estate trust beneficiary interests for the compartmentalized ownership interest to part of the exclusively-owned portions of the building and for the accompanying right of site (ratio of right of site: 387,036/426,933 (or approximately 90.7%)).
- (Note 5) For Esty Maison Musashikoyama, SHR owns real estate trust beneficiary interests for the compartmentalized ownership interest to part of the exclusively-owned portions of the building and for the accompanying right of site (ratio of right of site: 117,678/127,609 (or approximately 92.2%)).
- (Note 6) For Esty Maison Sendagi, SHR owns real estate trust beneficiary interests for the compartmentalized ownership interest to part of the exclusively-owned portions of the building and for the accompanying right of site (ratio of right of site: 89,730/103,842 (or approximately 86.4%)).
- (Note 7) For Esty Maison Yotsuyasakamachi, SHR owns real estate trust beneficiary interests for the compartmentalized ownership interest to part of the exclusively-owned portions of the building and for the accompanying right of site (ratio of right of site: 245,317/329,739 (or approximately 74.4%)).
- (Note 8) MAST Hakata is a property on a leased land owned by the Urban Renaissance Agency and for which a general fixed-term leasehold right is established with a lease term of 50 years from December 1, 2002.
- (Note 9) Part of the land of Prime Maison Central Park (lot number: 23·32) is a leased land, while the building (store) on the leased land is owned by the lessee.
- (Note 10) Esty Maison Toyosu Residence is a property on a leased land owned by the Urban Renaissance Agency and for which a general fixed-term leasehold right is established with a lease term of 65 years from March 17, 2006.
- (Note 11) Esty Maison Yokohama-aobadai is comprised by two buildings, Esty Maison Yokohama-aobadai North and Esty Maison Yokohama-aobadai South. As the two buildings are located on the same site, SHR manages these buildings as a single property reffering to collectively as Esty Maison Yokohama-aobadai and the total amount of each building is indicated.
- (Note 12) For HK Yodoyabashi Garden Avenue, SHR owns real estate trust beneficiary interests for the compartmentalized ownership interest to all of the exclusively-owned portions of the 1st through 6th floors above ground of the building and for the accompanying right of site (ratio of right of site: 405,901/1,000,000 (or approximately 40.6%)).

The following table sets forth the change in status of leasing of real estate, etc. owned by SHR.

(Note 1) "Total number of tenants" refers to the sum total of the number of tenants under, and indicated in, the respective lease agreements for each property that are valid as of the end of fiscal period under review (or, if a master lease agreement that is valid as of the end of each fiscal period has been concluded for the property, the number of lessees under the master lease agreement). In the "Subtotal" and "Total" columns, however, a tenant that leases spaces in multiple properties is counted as one. Furthermore, of the office buildings, the total number of end tenants for Garden City Shinagawa Gotenyama, Hommachi Minami Garden City, HK Yodoyabashi Garden Avenue, Hirokoji Garden Avenue and Akasaka Garden City where pass-through type master lease agreements have been concluded is 17, 16, 7,8 and 18, respectively as of the end of the 11th fiscal period (from Nov. 1, 2019 to Apr. 30, 2020) and 17, 16, 8, 7 and 18 respectively as of the end of the 12th fiscal period (from May. 1, 2020 to Oct. 31, 2020).

(Note 2) "Occupancy rate" refers to the ratio of leased area to leasable area of each property as of the end of each fiscal period, rounded to the nearest first decimal place. The figures indicated in the "Subtotal" columns are the ratio of the subtotal of leased area of each property classified by usage type to the subtotal of leasable area of each property classified by usage type, and the figure indicated in the "Total" column is the ratio of the sum total of leased area of each property to the sum total of leasable area of each property, as the occupancy rate of the entire portfolio. The both figures have been rounded to the nearest first decimal place.

(Note 3) "Property-related operating revenue [during fiscal period]" indicates the property-related operating revenue of each property for each fiscal period, rounded down to the nearest million yen.

(Note 4) Figures under the heading "As a percentage of total property-related operating revenue" indicate the ratio of property-related operating revenue of each property for each fiscal period or the subtotal of property-related operating revenue of each property classified by usage type for each fiscal period to total property-related operating revenue of each property for each fiscal period, rounded to the nearest first decimal place.

Table of Status of Contract Amount, etc. and Fair Value of Specified Transactions
 The following table sets forth the status of contract amount, etc. and fair value of specified transactions at SHR

as of the end of the fiscal period under review.

Category	Туре	Contract a (thousand	mount, etc. yen) ^(Note 1) Amount due after 1 year	Fair value (thousand yen) (Note 2)
Transaction other than market transaction	Interest rate swap transaction (Under which floating interest rates are receivable and fixed interest rates are payable)	43,280,000	28,980,000	(257,812)
Transaction other than market transaction	Interest rate swap transaction (Under which floating interest rates are receivable and fixed interest rates are payable)	110,661,000	105,311,000	— (Note 3)
	Total	153,941,000	134,291,000	(257,812)

⁽Note 1) The contract amount, etc. of interest rate swap transactions is based on notional principal amounts.

8. Status of Other Assets

Trust beneficiary interests with real estate as the main assets in trust are stated in "3. Details of Assets (Real Estate, etc.) in the Portfolio" above. As of the end of the fiscal period under review, there are no specified assets other than real estate, etc., asset-backed securities, etc. and infrastructure assets, etc. in the portfolio.

9. Status of Holding of Assets by Country and Region

As of the end of the fiscal period under review, there are no portfolio real estate, etc. in any other country or region besides Japan.

Capital expenditures for property

1. Schedule of Capital Expenditures

The main capital expenditure amounts accompanying renovation work, etc. currently planned for properties owned by SHR, are as follows. However, a portion of such amounts may ultimately be classified as expenses in the course of the accounting process.

			Schedu	led amount (mil	lion yen)(Note)
Name of real estate, etc. (location)	Purpose	Scheduled period	Total amount	Payment for the fiscal period under review	Amount already paid
Prime Maison Fujimidai (Fujimidai, Chikusa-ku, Nagoya- shi, Aichi)	Large-scale repairs	From: June 2020 To: November 2020	135	55	_
Prime Maison Gokiso (Ayuchitori, Showa-ku, Nagoya-shi, Aichi)	Large-scale repairs	From: June 2021 To: October 2021	109		_
Prime Maison Tsukamoto (Tsukamoto, Yodogawa-ku, Osaka- shi, Osaka)	Large-scale repairs	From: June 2021 To: October 2021	89		_

(Note) "Scheduled amount" refers to the amount arrived at by multiplying (i) the full amount required for the work by (ii) the ratio of the compartmentalized ownership interest or quasi co-ownership interest owned by SHR, when SHR owns compartmentalized ownership interest in the property or quasi co-ownership interest in the real estate trust beneficiary interests for the property (in the event SHR owns a quasi co-ownership interest related to trust beneficiary interest whose trust estate is composed of compartmentalized ownership interest, the total cost multiplied by the ratio of compartmentalized ownership interest and then multiplied by the quasi co-ownership interest ratio) that is subject to the relevant work.

2. Capital Expenditures During Period

An overview of capital expenditures conducted by SHR for its properties during the fiscal period under review is as set forth in the following table. Total capital expenditures during the fiscal period under review was 591 million yen and, together with 291 million yen of repair expenses charged to expenses in the fiscal period under review, work amounting to 882 million yen was implemented.

Name of real estate, etc. (location)	Purpose	Period	Payment amount (million yen)			
MAST Hakata (Hakataekimae, Hakata-ku, Fukuoka-shi, Fukuoka)	Large-scale repair	From: February 2020 To: October 2020	274			
Other capital		317				
To	Total					

3. Cash Reserves for Long-Term Repair Plans

SHR had no cash reserved for long-term repair plans as of the end of the fiscal period under review (Note).

(Note) "Reserve fund for repair," which has been reserved by management associations at the properties owned by SHR in order to secure expenses for repair works expected in the future, is not included in the cash reserves.

⁽Note 2) The fair value was calculated by the counterparty of the relevant transaction based on the actual market interest rate, etc.

⁽Note 3) The fair value is omitted because the transaction meets the criteria for special accounting under the Accounting Standards for Financial Instruments.

(6) Notes to Financial Statements

1. Organization

Sekisui House Reit, Inc. ("SHR") is a Japanese real estate investment corporation established in September 2014 under the Act on Investment Trusts and Investment Corporations of Japan (the "Investment Trust Act"). On December 3, 2014, SHR commenced its investment operations when it was listed on the Real Estate Investment Trust Securities Market of the Tokyo Stock Exchange, and it acquired three properties (total acquisition cost of \forall 114.3 billion) on the same day.

SHR implemented a 2-for-1 split of its investment units with May 1, 2018 as the effective date.

SHR conducted an absorption-type merger with Sekisui House Residential Investment Corporation ("SHI") as the dissolved corporation, setting May 1, 2018 as the effective date.

SHR is externally managed by a licensed asset management company, Sekisui House Asset Management, Ltd. (the "Asset Management Company").

Sekisui House Asset Management, Ltd., previously called Sekisui House Investment Advisors, Ltd., carried out an absorption-type merger with Sekisui House Asset Management, Ltd. (the "former SHAM"), which was the asset management company for SHI, on May 1, 2018, with the Asset Management Company being the surviving company and the former SHAM being the dissolved company, and changed its company name to the current one.

2. Basis of Presentation

SHR maintains its accounting records and prepares its financial statements in accordance with accounting principles generally accepted in Japan ("Japanese GAAP"), including provisions set forth in the Financial Instruments and Exchange Act, the Investment Trust Act, the Companies Act and the related regulations, which are different in certain respects as to the application and disclosure requirements of International Financial Reporting Standards.

The accompanying financial statements are basically a translation of the financial statements of SHR, which were prepared in accordance with Japanese GAAP and were presented in its Securities Report filed with the Kanto Local Finance Bureau. In preparing the accompanying financial statements, certain reclassifications and modifications have been made to the financial statements issued domestically in order to present them in a format which is more familiar to readers outside Japan. In addition, the notes to the financial statements include certain information which might not be required under Japanese GAAP but is presented herein as additional information.

SHR's fiscal period is a six-month period, which ends at the end of April and October of each year. SHR does not prepare consolidated financial statements as it has no subsidiaries.

Unless otherwise specified, amounts have been rounded down to the nearest thousand yen in the accompanying financial statements and the notes thereto. As a result, the amounts shown in the financial statements and notes thereto do not necessarily agree with the sum of the individual account balances.

4. Accounting Standards Issued but Not Yet Effective

New accounting standards and implementation guidance issued but not yet effective are as follows:

- "Accounting Standard for Revenue Recognition" (Accounting Standards Board of Japan (ASBJ) Statement No. 29 issued on March 31, 2020)
- "Implementation Guidance on Accounting Standard for Revenue Recognition" (ASBJ Guidance No. 30 issued on March 31, 2020)

(1) Overview

The International Accounting Standards Board (IASB) and the Financial Accounting Standards Board (FASB) in the United States have jointly developed comprehensive accounting standards for revenue recognition and issued "Revenue from Contracts with Customers" (IFRS 15 (IASB) and Topic 606 (FASB)) in May 2014. Given the situation where IFRS 15 will be applied from fiscal years beginning on or after January 1, 2018 and that Topic 606 will be applied from fiscal years beginning after December 15, 2017, the ASBJ has developed comprehensive accounting standards for revenue recognition and issued them together with the implementation guidance.

The basic policy of the ASBJ when it developed the accounting standards for revenue recognition was to specify the accounting standards, incorporating the basic principles of IFRS 15 as a starting point, from the perspective of comparability between financial statements, which is one of the benefits of maintaining compatibility with IFRS 15. The basic policy also stipulates that if there is an item to which consideration should be given, such as practices that have been conducted thus far in Japan, alternative treatments will be added to the extent to which comparability is not impaired.

(2) Scheduled date of application

The accounting standards will be applied from the beginning of the fiscal period ending October 31, 2021.

(3) Impact of applying the accounting standards

The impact of applying "Accounting Standard for Revenue Recognition" and its guidance on SHR's financial statements is currently under evaluation.

- · "Accounting Standard for Fair Value Measurement" (ASBJ Statement No. 30 issued on July 4, 2019)
- "Implementation Guidance on Accounting Standard for Fair Value Measurement" (ASBJ Guidance No. 31 issued on July 4, 2019)
- "Implementation Guidance on Disclosures about Fair Value of Financial Instruments" (ASBJ Guidance No. 19 issued on March 31, 2019)

(1) Overview

The IASB and the FASB have established detailed guidance regarding fair value measurement (IFRS 13 "Fair Value Measurement" (IASB) and Topic 820 "Fair Value Measurement" (FASB)). The ASBJ has considered the guidance regarding fair value of financial instruments and disclosure in order to improve the comparability with such international accounting standards, and issued "Accounting Standard for Fair Value Measurement" and "Implementation Guidance on Accounting Standard for Fair Value Measurement."

(2) Scheduled date of application

The accounting standards will be applied from the beginning of the fiscal period ending October 31, 2021.

(3) Impact of applying the accounting standards

The impact of applying the "Accounting Standard for Fair Value Measurement" and its guidance on SHR's financial statements is currently under evaluation.

"Accounting Standard for Accounting Policy Disclosures, Accounting Changes and Error Corrections"
 (ASBJ Statement No. 24 issued on March 31, 2020)

(1) Overview

The ASBJ's Standards Advisory Council recommended that the ASBJ consider enhancing disclosures for notes relating to "accounting policies and methods adopted in the cases where the relevant accounting standards were not clear." In response to such recommendations, the ASBJ issued the revised "Accounting Standard for Accounting Policy Disclosures, Accounting Changes and Error Corrections."

(2) Scheduled date of application

The accounting standards will be applied from the end of the fiscal period ending April 30, 2021.

 "Accounting Standard for Disclosure of Accounting Estimates" (ASBJ Statement No. 31 issued on March 31, 2020)

(1) Overview

Paragraph 125 of International Accounting Standard 1 (IAS 1), "Presentation of Financial Statements," (issued by the IASB in 2003) requires disclosure of information about the "assumptions the entity makes about the future, and other major sources of estimation uncertainty." In this regard, there has been a request that the major sources of estimation uncertainty should be disclosed in the notes to financial statements under Japanese GAAP to provide useful information to users of financial statements. In response to this request, the ASBJ developed and issued "Accounting Standard for Disclosure of Accounting Estimates."

(2) Scheduled date of application

The accounting standards will be applied from the end of the fiscal period ending April 30, 2021.

11. Financial Instruments

- 1. Status of financial instruments
- (1) Policy for financial instruments

Making it a policy to conduct stable and sound financial operations that would contribute to steady growth of its investment assets as well as efficient management and stability of management, SHR shall procure funds through borrowings or the issuance of investment corporation bonds for the purposes of utilizing such funds for the acquisition of assets, payments of repair expenses or distributions, operations of SHR, repayment of obligations or other.

For derivative transactions, the policy is that derivative transactions shall be limited to those for the purpose of hedging the risk of fluctuations in interest rates on liabilities and foreign currency risk in the case of overseas real estate investments, and that no speculative transactions shall be conducted.

(2) Description of financial instruments and associated risks, and risk management structure

The funds procured through borrowings shall be used mainly for the acquisition of investment assets and
for repayment of loans.

The availability and terms and conditions of borrowings and the issuance of investment corporation bonds may be affected by SHR's financial creditworthiness, the interest rate situation and other factors, and there is thus no guarantee that funds can be procured at SHR's desired timing and terms and conditions. Furthermore, loans with floating interest rates are susceptible to subsequent market trends. SHR manages and limits the liquidity risk and the risk of fluctuations in interest rates associated with such fund procurement by diversifying fund procurement sources and means and by maintaining the ratio of interest-bearing liabilities to total assets and the ratio of floating-rate loans to total loans at appropriate levels. Furthermore, for certain loans with floating interest rates, derivative transactions (interest rate swap transactions) are used as a hedging instrument for hedging the risk of fluctuations in interest rates based on rules that set forth the basic policy for handling derivative transactions and risk management.

(3) Supplementary explanation of matters concerning fair value of financial instruments
The fair value of financial instruments, aside from values based on market price, includes values based on
reasonable calculations when there is no market price. As the calculations involve variable factors, there
may be cases where the corresponding values will vary when different assumptions are adopted. In
addition, the contract amounts of derivative transactions in "2. Matters concerning fair value of financial
instruments" do not represent the market risk involved in the derivative transactions.

2. Matters concerning fair value of financial instruments

The following is the carrying amount and fair value of financial instruments as of April 30, 2020 and of October 31, 2020, and the difference between them.

The following table does not include those for which fair value is recognized to be extremely difficult to determine (please refer to (Note 2)).

(Note 1) Method of calculating the fair value of financial instruments

- (1) Cash and deposits and (2) Cash and deposits in trust
 - As these are settled within a short period of time, the fair value is approximately the same as the book value and is thus stated at that book value.
- (3) Short-term loans payable

As these are settled within a short period of time and have floating interest rates, the fair value is approximately the same as the book value and is thus stated at that book value.

- (4) Current portion of investment corporation bonds (6) Investment corporation bonds
- The fair value of investment corporation bonds is based on the quoted market price.

Of the investment corporation bonds issued by SHR, the fair value of those with a market price is based on the quoted market price. For those where it is difficult to obtain the fair value based on the quoted market price, the fair value is based on the method of calculating by discounting the combined total of principal and interest by a reasonably estimated interest rate applicable when conducting similar fund procurement for the remaining period of the bonds.

(5) Current portion of long-term loans payable (7) Long-term loans payable

As the long-term loans payable with floating interest rates reflect interest rate changes within a short period of time, the fair value is approximately the same as the book value and is thus stated at that book value (provided, however, that for long-term loans payable with floating interest rates that qualify for the special accounting treatment of interest rate swaps (please refer to "13. Derivative Transactions"), the fair value is based on the method of calculation in which the sum total amount of principal and interest accounted for with the interest rate swap is discounted by the rate assumed in the event of a similar new drawdown). In addition, for those with fixed interest rates, the fair value is based on the method of calculation in which the sum total amount of principal and interest is discounted by the rate assumed in the event of a similar new drawdown corresponding to the remaining period.

(8) Derivative transactions

Please refer to "13. Derivative Transactions".

(Note 2) Financial instruments for which fair value is recognized to be extremely difficult to determine

Tenant leasehold and security deposits in trust are not subject to valuation of fair value because a reasonable estimation of cash flows is recognized to be extremely difficult because there is no market price and the difficulty of calculating the actual deposit period from when lessees move in to when they move out.

SHR owns rental office buildings, etc. in Tokyo and other areas for the purpose of earning revenue from leasing. The following is the carrying amount, amount of increase (decrease) during the period and fair value of these investment and rental properties.

(Thousands of ven)

		11th Fiscal Period (From November 1, 2019	12th Fiscal Period (From May 1, 2020
		to April 30, 2020)	to October 31, 2020)
Carrying amount			
	Balance at beginning of period	520,759,366	524,929,023
	Amount of increase (decrease) during period	4,169,657	(1,853,351)
	Balance at end of period	524,929,023	523,075,672
Fair	value at end of period	600,583,000	600,728,000

(Note 1) Carrying amount is the book value less accumulated depreciation.

(Note 2) Net increase during the 11th fiscal period is mainly attributable to the acquisition of 3 new properties (5,932,747 thousand yen), offset by depreciation (2,413,359 thousand yen). Net decrease during the 12th fiscal period is mainly attributable to depreciation (2,444,851 thousand yen).

(Note 3) Fair value at the end of the period is the appraisal value by outside real estate appraisers.

The property-related operating income in the 11th and 12th fiscal periods for investment and rental properties is presented in "6. Notes to Statement of Income and Retained Earnings".

20. Segment Information

(Note 1) Average interest rate is the weighted average interest rate during the period. Interest rates are rounded to six decimal places. The interest rates for loans hedged by interest rate swap transactions used to hedge the risk of interest rate fluctuations are the interest rates reflecting the effect of the interest rate swaps.

(Note 2) Early repayment was made on August 31, 2020.

(Note 3) Early repayment was made on September 10, 2020.

(Note 4) As of the end of the fiscal period under review, these loans are recorded as "Current portion of long-term loans payable" in "Current liabilities" on the balance sheet.

SEKISUI HOUSE REIT, INC.

(Note 5) The following is the maturity schedule of long-term loans within five years of the balance sheet date.

Independent Auditor's Report

The Board of Directors Sekisui House Reit, Inc.

Opinion

We have audited the accompanying financial statements of Sekisui House Reit, Inc., (the Company), which comprise the balance sheet as at October 31, 2020, and the statement of income and retained earnings, changes in net assets, cash distributions, cash flows and supplementary schedules for the six-month period then ended, and notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at October 31, 2020, and its financial performance and its cash flows for the six-month period then ended in accordance with accounting principles generally accepted in Japan.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Japan, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Supervisory Director for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern and disclosing, as required by accounting principles generally accepted in Japan, matters related to going concern.

The Supervisory Director is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
is sufficient and appropriate to provide a basis for our opinion.

- Consider internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances for our risk assessments, while the purpose of the audit of the financial statements is not expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the
 disclosures, and whether the financial statements represent the underlying transactions and events in a
 manner that achieves fair presentation in accordance with accounting principles generally accepted in
 Japan.

We communicate with the Executive Director regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Executive Director with a statement that we have complied with the ethical requirements regarding independence that are relevant to our audit of the financial statements in Japan, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Interest Required to Be Disclosed by the Certified Public Accountants Act of Japan

Our firm and its designated engagement partners do not have any interest in the Company which is required to be disclosed pursuant to the provisions of the Certified Public Accountants Act of Japan.

Unitholder Information

Change in Investment Unit Price and Trading Volume (From December 3, 2014 to November 30, 2020)

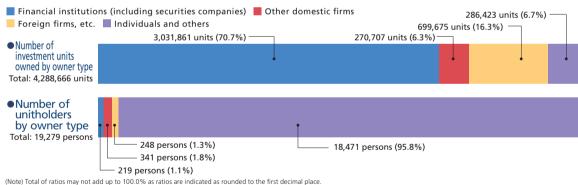

(Note 2) As a two-for-one split of investment units was implemented on May 1, 2018, investment units have been traded at halved (the ex-rights) unit price on and after April 25, 2018. In consideration of the impact of the split, the above graph is based on actual figures of "Investment Unit Price" for April 24, 2018 and earlier being divided by two and actual figures of "Trading"

Volume" being multiplied by two.

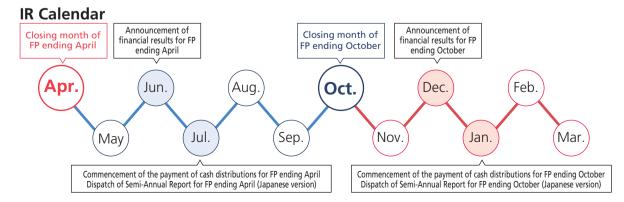

(Note 3) Change in TSE REIT Index is indicated after converting the closing price of TSE REIT Index on the listing date of SHR (December 3, 2014) to JPY 66,000, the amount gained after adjusting the two-for-one split to the closing price of the investment unit of SHR in a regular trading session. Furthermore, TSE REIT Index refers to the weighted average-type index of market capitalization of all REIT counters listed on the Tokyo Stock Exchange.
