Notice Concerning Acquisition of Trust Beneficiary Interests in Domestic Real Estate
(Granmast KANAZAWA NISHIIZUMI and Granmast UNOMORI) <Corrected>

Sekisui House SI Residential Investment Corporation (the “Investment Corporation”) hereby announces that Sekisui House SI Asset Management, Ltd., to which the Investment Corporation entrusts management of its assets (the “Asset Management Company”) decided today for the Investment Corporation to acquire the assets as described below. Furthermore, in deciding to acquire the assets, approval by the Board of Directors of the Investment Corporation was obtained in accordance with rules and regulations concerning related party transactions of the Asset Management Company.

1. Overview of Acquisition

The Investment Corporation primarily invests in properties in Greater Tokyo / Major Urban Area, and in order to further enhance the stability of earnings, and take full advantage of the recognition and know-how, and nationwide network of the Sekisui House Group (Note 1), implemented a partial revision to its management policy in June 2014, setting a new investment area, “Major Cities Nationwide” which broadly sets the investment area other than Greater Tokyo. In concrete terms, in addition to “Major Urban Areas” (Note 2) outside of the Greater Tokyo, the Investment Corporation will also invest into “Other Major Cities Nationwide” (Note 3). The proportion of “Major Cities Nationwide” to the entire residential portfolio will account for around 20%, and “Other Major Cities Nationwide” to the entire residential portfolio will account for up to approximately 10% at the most.

With regard to the acquired properties, the Investment Corporation exercised preferential negotiation rights granted by Sekiwa Real Estate Chubu, Ltd. (the “Sekiwa Real Estate Chubu”), a wholly owned subsidiary of the main sponsor of the Investment Corporation, Sekisui House, Ltd. (the “Sekisui House”) to acquire rental residential properties planned and developed or owned in recognition of its value by Sekiwa Real Estate Chubu. These are the first residential properties targeted for selective investment to fall under “Other Major Cities Nationwide” following the revision to the management policy.

積水ハウス・SI レジデンシャル投資法人

Sekisui House SI Residential Investment Corporation

(iii) Acquisition price:	745,000,000 yen (Note 4)
(iv) Date of conclusion of sales contract:	April 2, 2015
(v) Date of acquisition:	April 2, 2015
(vi) Seller:	Sekiwa Real Estate Chubu
(vii) Funds for acquisition:	Acquisition through borrowing (Note 5) and cash on hand.

(Note 1) The Sekisui House Group refers to the group encompassing Sekisui House and its 194 subsidiaries and 20 affiliated companies (as of the end of January 2015).

(Note 2) “Major Urban Areas” refers to Sapporo, Sendai, Nagoya, Kyoto, Osaka, Kobe, Hiroshima and Fukuoka, and cities within commuting distance of these cities (peripheral areas whose urban centers can be reached within a commute of about 30 minutes).

(Note 3) “Other Major Cities Nationwide” refers to cities outside of the Greater Tokyo area, which falls within one of the following: government-designated cities, core cities, special ordinance cities or prefectural capitals outside of Major Urban Areas.

(Note 4) The acquisition price does not include miscellaneous acquisition related expenses, fixed asset tax, city planning tax, consumption tax and local consumption tax.

(Note 5) For details of borrowing, please refer to press release titled “Notice Concerning Borrowing of Funds” dated March 26, 2015.

2. Reason for Acquisitions

The Investment Corporation acquired these properties to secure stable earnings and enhance the residential portfolio in Major Cities Nationwide, based on the asset management objectives and policies set forth in its Articles of Incorporation.

The characteristics of the properties are as follows.

(1) Granmast KANAZAWA NISHIIZUMI

This property is a rental condominium comprised of 1LDK to 3LDK units mainly for families with enriched common services including concierge services, situated about 3.7km southwest of Kanazawa Station on the JR Hokuriku Shinkansen and Hokuriku Main Line.

Kanazawa City, in which the property is located, is the capital of Ishikawa Prefecture, and is a key economic city not only in Ishikawa Prefecture, but for the Hokuriku region including neighboring Toyama Prefecture and Fukui Prefecture as well. As the castle town of “*Kaga Hyakumangoku*”, it is an area that to this day strongly conveys its rich history and culture, yet has developed into a residential area centered on the old castle town. Additionally, through the launch of Hokuriku Shinkansen service connecting Tokyo and Kanazawa Stations on March 14, 2015, in addition to the Osaka and Nagoya region, it can be reached from Tokyo metropolitan area within as little as about two and a half hours. This development has generated high expectations for further economic growth in the Hokuriku region, centering on Kanazawa City, where the property is located.

With regard to the area surrounding the property, while Kanazawa Station is not within walking distance, Nishi-Izumi Station on the Hokuriku Railroad Ishikawa Line is the closest station, about an eight-minute walk from the property. As the predominant means of transportation is private vehicles and bus access is convenient, access to the Korinbo / Katamachi districts as well as the area surrounding Kanazawa Station, which serve as commercial and business centers, is excellent. Furthermore, lots of shops offering daily goods as well as restaurants are available, enhancing the livability of the area.

Given these circumstances, stable demand is expected to come primarily from DINKS and families seeking convenience in transportation to the center of Kanazawa City and daily life.

(2) Granmast UNOMORI

This property is a rental condominium mainly comprised of single-type units, situated about a seven-minute walk from Kintetsu Yokkaichi Station on the Kintetsu Nagoya Line.

Yokkaichi City, in which the property is located, is a leading commercial city in Mie Prefecture, boasting a population and economy larger than that of the prefectural capital, Tsu City. It is also known as a key industrial zone within the Chukyo Industrial Area. Furthermore, the area surrounding Kintetsu Yokkaichi Station, the closest station to the property, features a particularly high concentration of commercial and business locations, and constitutes the top entertainment district in Yokkaichi City. Kintetsu Yokkaichi Station is a terminal station which sees the largest number of passengers of any station in Mie Prefecture. As Kintetsu Nagoya Station can be reached from Kintetsu Yokkaichi Station by limited express train in about 30 minutes, and about 35 minutes by express train, access to the center of Nagoya City is superior.

With regard to the area surrounding the property, Kintetsu Yokkaichi Station is within walking distance, and in front of the station, department stores and multi-use commercial facilities can be found, and for many years there has been a shopping street on the east side of the station, making accessibility to the center of Yokkaichi City and livability

This translation is for informational purpose only. If there is any discrepancy between the Japanese version and the English translation, the Japanese version shall prevail.

積水ハウス・SI レジデンシャル投資法人

Sekisui House SI Residential Investment Corporation

excellent. Furthermore, the property is behind main streets such as Chuo Dori and Nishiura Dori, and Unomori Park, which features elements of traditional Japanese culture including a teahouse, is nearby, creating a relatively quiet, comfortable living environment.

Given these circumstances, demand is expected to come primarily from single-person households seeking proximity to the center of Yokkaichi City, the convenience of transportation to the center of Nagoya City, superior living environment and convenience as well as companies in surrounding areas of Yokkaichi City seeking rental company housing.

3. Description of Acquired Properties

(1) Granmast KANAZAWA NISHIIZUMI

Overview of specified asset (trust beneficiary interest)					
Trustee		Mitsubishi UFJ Trust and Banking Corporation		Trust expiration date	
				March 31, 2025

				2 to 12 years	
				70,535	
				Building replacement value (thousand yen)	
				1,081,800	
				Probable maximum loss (PML)	
				1.1%	
Special Notations					
1. The floor area ratio and building-to-land ratio of land of the property in trust are 400% and 80% respectively within 20m of the westside road boundaries (commercial area), and to 20m beyond the westside road boundaries (category I residential area) are 200% and 60% respectively. Furthermore, with regard to the building-to-land ratio, due to the mitigation of the corner lot, it is 90% in the commercial area, and 70% in the category I residential area. As indicated, the floor area ratio and building-to-land ratio of land of the property in trust vary depending on zoning, but by calculating the weighted average of the subject area, they are found to be 306.14% and 80.61% respectively.					
2. With regard to the commercial area, effective as of April 1, 2009 it was designated as a district where building height is limited to 31m, and as the height of the property is 43.59m, it is an existing nonconforming building.

Appraisal method		Appraisal by Daiwa Real Estate Appraisal Co., Ltd.		Evaluation company		Daiwa Real Estate Appraisal Co., Ltd.			
Appraisal value		757,000		Repair costs (thousand yen)		Urgent		0	
Date of appraisal		March 1, 2015				Within 1 year		0	
						2 to 12 years		46,088	
				Building replacement value (thousand yen)		509,300			
				Probable maximum loss (PML)		13.5%			
Special Notation									
<p>1. The building-to-land ratio of the land of the property in trust is essentially 80%. However, due to the mitigation of the corner lot, it is set at 90%.</p> <p>2. With regard to part of the property's 1st floor entrance hall and elevator hall where the risk of fire spreading from adjacent property exists, it has been confirmed that glass which is believed to be insufficient to meet the requirements has been installed. As the installation of fire-prevention equipment is required in the area, the present owner agrees to replace existing glass with another glass which meets the requirements at his own responsibility and expense. The present owner is taking action to remedy the situation.</p>									

(Note) A portion of the residential area of this property is currently being leased to Sekisui House, an interested party of the Asset Management Company, by Sekiwa Real Estate Chubu.

[Explanation]

- In the "Location" column, the "Address" is the residence indication or what is indicated in the location column in the registry of the building (including registration record; the same applies hereafter) for properties for which residence indication has not yet been implemented and the "Lot" is the lot stated in the land registry (if there are multiple lots, then one of these lots), respectively.
- The "Ownership form" columns of land and building indicate the type of right that the real estate trustee holds on the trust real estate.
- The "Zoning" column of land indicates the type of zoning district classified in accordance with Article 8, Paragraph 1, Item 1 of the City Planning Act (Act No. 100 of 1968, as amended).
- The "Site area" column of land indicates the acreage stated in the registry (if there are multiple acreages, then the total is indicated).
- The "Floor-area ratio" column of land is the ratio of the total floor area of the building to the site area as stipulated in Article 52 of the Building Standards Act and indicates the figures stipulated by the City Planning Act according to zoning, etc.
- The "Building-to-land ratio" column of land is the ratio of the building area of the building to the site area as stipulated in Article 53 of the Building Standards Act and indicates the figures stipulated by the City Planning Act according to zoning, etc.
- The "Use" column of building indicates the primary type of use stated in the registry.
- The "Total floor area" column of building indicates the sum total of the floor areas of the main building stated in the registry.

This translation is for informational purpose only. If there is any discrepancy between the Japanese version and the English translation, the Japanese version shall prevail.

積水ハウス・SI レジデンシャル投資法人

Sekisui House SI Residential Investment Corporation

9. The “Structure and number of floors” column of building indicates the structure and number of floors as stated in the registry. The abbreviations in the “structure and number of floors” column is as shown below: RC: Reinforced concrete; F: Floors
10. The “Construction completion date” column of building is the initial completion date as stated in the registry.
11. The “Overview of leasing and management” column indicates information as of the end of February 2015 and is based on numbers and information provided by the previous owner of the acquired properties. Furthermore, the “Total leased floor area” are not the figures stated in the registry but rather indicate the total of leased floor areas as stated in the lease agreements. However, in cases where there are obvious errors in the lease agreements, the figures are based on the building’s completion plan. Since a Master Lease Agreement is concluded between the trustee and the master lease company, 1 is stated in “Total number of tenants” on the assumption that all end tenants have agreed to master lease company being the lessor. Please refer to 15. below for the definition of “Master Lease Agreement.”
12. In the “Monthly rent revenue” column, as the master lease company and the trustee have entered into a Master Lease Agreement with Rent Guarantee and the master lease company shall pay the monthly guaranteed rent described in the lease agreement regardless of the existence of end tenants, the amount of such monthly guaranteed rent is indicated. Please refer to 15. below for the definitions of “Master Lease Agreement with Rent Guarantee.”
13. The “Property manager” column indicates the property management company to which property management services for each property of the acquired properties is entrusted to as of today.
14. The “Lessee” column indicates the lessee has concluded the Master Lease Agreement with the trustee.
15. The “Leasing method” column indicates leasing scheme (method of leasing directly, method of leasing to sub-lessee, etc.) which is concluded between the lessee and the trustee. Furthermore, “Master Lease Agreement” is a lease agreement for the entire building, which was concluded with a master lease company with an aim to sublease the property to a third-party after the property was acquired by the Investment Corporation. “Master Lease Agreement with Rent Guarantee.” is a master lease agreement in which the master lease company agrees to pay a fixed amount of rent during the stated period in the agreement.
16. The “probable maximum loss (PML)” column is based on portfolio earthquake PML reports created by Sampo Japan Nipponkoa Risk Management Inc. Portfolio earthquake PML reports comprise only of the views of the investigating company and the Investment Corporation does not guarantee the accuracy of its contents. PML represents the rate of probable maximum loss to be caused by earthquakes. In this press release, it means the extent of damage to be caused by one of the biggest earthquakes anticipated to happen within the expected duration of service (the biggest earthquake which happens once every 475 years, with a 10% chance of happening once every 50 years; expected duration of service of a general building is 50 years) represented by the ratio (%) of the estimated cost of restoration from the damage to the replacement cost. The numbers are rounded to the nearest first decimal place.

4. Overview of Seller

Granmast KANAZAWA NISHIIZUMI and Granmast UNOMORI

12. Overview of Appraisal Report

Property name	Granmast KANAZAWA NISHIIZUMI
Appraisal value	1,010,000,000 yen
Appraiser	Daiwa Real Estate Appraisal Co., Ltd.
Appraisal date	March 1, 2015

(unit: thousands of yen)

Item	Amount	Details
Revenue price	1,010,000	Utilizing income approach as revenue price will be set to a more persuasive level based on DCF method factoring in fluctuations in net income, the revenue price will be set to a more persuasive level, verifying the revenue price based on direct capitalization method.
Price based on direct capitalization method	1,040,000	
Operating revenues	94,639	
Unit rental revenues, etc. (including common area fees)	90,838	Valued based on the standardized assumed revenues acknowledged as stable in the medium to long term.
Parking lot revenue	5,410	Valued based on the standardized assumed revenues acknowledged as stable in the medium to long-term.
Other revenues, etc.	2,793	Valued based on past figures and other factors.
Vacancy loss, etc.	4,402	Valued based on the vacancy rate acknowledged as stable in the medium to long term.
Operating expenses	32,207	
Maintenance expenses	11,677	Valued based on the current agreed amount and maintenance expense of similar properties.
Utility expenses	1,850	Valued based on past figures and maintenance expense of similar properties.
Repair expenses	4,086	Verifying repair expenses of similar properties, utilized the average of annual repair expenses in the engineering report as it is set to a reasonable level.
PM fees	2,755	Valued by reference to PM agreements of similar properties.
tenant solicitation expenses, etc.	1,391	Valued based on the assumed replacement rate, taking into account tenant solicitation expenses based on that of similar properties and past figures
Taxes and public dues	8,356	Valued based on past figures obtained from the client, taking into account applied rate and land price trend.
Non-life insurance fees	175	Valued by reference to estimated cost or non-life insurance fees of similar properties.
Other expenses	1,914	Valued based on past figures and other factors.
Net operating income (NOI)	62,432	
Gain on management of income from lump-sum payment	263	Valued based on expected amount of deposit, multiplied by percentages determined by taking into account of actual use of lump-sum payment (either investment or procurement) thorough the comprehensive examination.
Capital expenditures	3,223	Verifying repair expenses of similar properties, utilized the average of annual repair expenses in the engineering report as it is set to a reasonable level and taking into account CM fees and verifying renewal expenses of similar properties.
Net income (NCF)	59,472	
Capitalization rate	5.7%	Valued based on the capitalization rate on appraisal reports of J-REIT properties within the same market area, reflecting the spread depending on the property conditions such as locational condition of the property, the property grade, age and facilities level and other conditions such as gap between current rental revenues and market rental revenues, property rights and other conditions in agreements.

This translation is for informational purpose only. If there is any discrepancy between the Japanese version and the English translation, the Japanese version shall prevail.

積水ハウス・SI レジデンシャル投資法人

Sekisui House SI Residential Investment Corporation

Value of earnings calculated by discounted cash flow (DCF) method	1,000,000	
Discount rate	5.5%	Valued based on the methods of comparing with evaluation of similar properties and of making adjustment to rates of other financial assets by considering individual factors of the property and interviews from investors.
Terminal capitalization rate	5.9%	Valued by reference to general prediction with respect to future economic growth rate and property-price trend, making adjustment based on trends of investment yield, risk of the property as investment target and property-price trend, taking into account the capitalization rate of similar transactions. Furthermore, giving consideration to future uncertainty such as possibility of increased capital expenditure due to aging of the property, change of market trend and loss of liquidity because of passage of time.
Cost method value	1,190,000	
Land ratio	20.1%	
Building ratio	79.9%	

Other items considered by real estate appraisal agent upon appraisal	Utilizing revenue price in reference to cost method value as revenue price is set to a more persuasive level for it reflects real estate market trend and conducts of market participants.

積水ハウス・SI レジデンシャル投資法人

Sekisui House SI Residential Investment Corporation

Property name	Granmast UNOMORI
Appraisal value	757,000,000 yen
Appraiser	Daiwa Real Estate Appraisal Co., Ltd.
Appraisal date	March 1, 2015

(unit: thousands of yen)

Item	Amount	Details
Revenue price	757,000	Utilizing income approach as revenue price will be set to a more persuasive level based on DCF method factoring in fluctuations in net income, the revenue price will be set to a more persuasive level, verifying the revenue price based on direct capitalization method.
Price based on direct capitalization method	772,000	
Operating revenues	59,326	
Unit rental revenues, etc. (including common area fees)	57,934	Valued based on the standardized assumed revenues acknowledged as stable in the medium to long term.
Parking lot revenue	1,728	Valued based on the standardized assumed revenues acknowledged as stable in the medium to long-term.
Other revenues, etc.	2,153	Valued based on past figures and other factors.
Vacancy loss, etc.	2,490	Valued based on the vacancy rate acknowledged as stable in the medium to long term.
Operating expenses	12,700	
Maintenance expenses	2,851	Valued based on the current agreed amount and maintenance expense of similar properties.
Utility expenses	827	Valued based on past figures and maintenance expense of similar properties.
Repair expenses	1,940	Verifying repair expenses of similar properties, utilized the average of annual repair expenses in the engineering report as it is set to a reasonable level.
PM fees	1,715	Valued by reference to PM agreements of similar properties.
tenant solicitation expenses, etc.	1,329	Valued based on the assumed replacement rate, taking into account tenant solicitation expenses based on that of similar properties and past figures
Taxes and public dues	2,882	Valued based on past figures obtained from the client, taking into account applied rate and land price trend.
Non-life insurance fees	75	Valued by reference to estimated cost or non-life insurance fees of similar properties.
Other expenses	1,078	Valued based on past figures and other factors.
Net operating income (NOI)	46,625	
Gain on management of income from lump-sum payment	86	Valued based on expected amount of deposit, multiplied by percentages determined by taking into account of actual use of lump-sum payment (either investment or procurement) thorough the comprehensive examination.
Capital expenditures	2,719	Verifying repair expenses of similar properties, utilized the average of annual repair expenses in the engineering report as it is set to a reasonable level and taking into account CM fees and verifying renewal expenses of similar properties.
Net income (NCF)	43,992	
Capitalization rate	5.7%	Valued based on the capitalization rate on appraisal reports of J-REIT properties within the same market area, reflecting the spread depending on the property conditions such as locational condition of the property, the property grade, age and facilities level and other conditions such as gap between current rental revenues and market rental revenues, property rights and other conditions in agreements.

This translation is for informational purpose only. If there is any discrepancy between the Japanese version and the English translation, the Japanese version shall prevail.

積水ハウス・SI レジデンシャル投資法人
Sekisui House SI Residential Investment Corporation

Value of earnings calculated by discounted cash flow (DCF) method	750,000	
Discount rate	5.5%	Valued based on the methods of comparing with evaluation of similar properties and of making adjustment to rates of other financial assets by considering individual factors of the property and interviews from investors.
Terminal capitalization rate	5.9%	Valued by reference to general prediction with respect to future economic growth rate and property-price trend, making adjustment based on trends of investment yield, risk of the property as investment target and property-price trend, taking into account the capitalization rate of similar transactions. Furthermore, giving consideration to future uncertainty such as possibility of increased capital expenditure due to aging of the property, change of market trend and loss of liquidity because of passage of time.
Cost method value	614,000	
Land ratio	25.1%	
Building ratio	74.9%	

Other items considered by real estate appraisal agent upon appraisal	Utilizing revenue price in reference to cost method value as revenue price is set to a more persuasive level for it reflects real estate market trend and conducts of market participants.
--	--

*Comparison with current unit rent

	Granmast Unomori
Average unit rent based on appraisal	2,118 yen/m ² (7,000 yen/tsubo)
Average unit rent based on lease agreements	2,137 yen/m ² (7,065 yen/tsubo)

(Note 1) Amounts are rounded down to the nearest thousand yen and therefore the total amount may differ from the figures for operating revenues, operating expenses and other items.

(Note 2) "Average unit rent based on appraisal" has been calculated based on the unit rental revenues of the residential portion (including common area fees) by the direct capitalization method stated in the above appraisal.

(Note 3) "Average unit rent based on lease agreements" has been calculated based on the total of monthly rents (including common area fees) according to the lease agreement for the residential portion effective as of the end of February 2015. Concerning the acquired properties, master lease agreements (fixed rent type) have been concluded with the Master Lease Company, and calculation is not based on monthly rent revenue (monthly guaranteed rent) indicated in the aforementioned "3. Description of Acquired Properties," therefore the figure differs from the unit rent of monthly guaranteed rents (1,393 yen/m² (4,605 yen/tsubo)), (1,903 yen/m² (6,292 yen/tsubo)) for Granmast KANAZAWA NISHIIZUMI and Granmast UNOMORI, which the Investment Corporation acquired.

(Note 1) Locations are based on the registry.

(Note 2) The transaction prices shown in the trust beneficiary interest transfer agreements, etc. (excluding miscellaneous acquisition related expenses, fixed asset tax, city planning tax, consumption tax and local consumption tax) are indicated in the “Acquisition Price” column. For the acquisition prices of HAMAMATSU Plaza and Bell Plaza Shopping Center, please see (Note 4) and (Note 5) below. In addition, as amounts are rounded down to the nearest million yen, the total of each of the acquisition prices may not match the portfolio’s total acquisition price.

(Note 3) The ratio of each acquired asset’s acquisition price to the portfolio’s total acquisition price in the table above is indicated in the “Investment Ratio” column. Numbers are rounded to the nearest first decimal place.

(Note 4) For the acquisition price of HAMAMATSU Plaza, the total acquisition price of HAMAMATSU Plaza East less the amount equal to the acquisition price of Ito-Yokado Building of HAMAMATSU Plaza East, multiplied by 49%, representing the Investment Corporation’s quasi-co-ownership interest, is indicated. For details, please refer to the press release titled “Notice Concerning Assignment of Trust Beneficiary Interests in Domestic Real Estate (Quasi co-ownership share of trust beneficiary interests in real estate for Hamamatsu Plaza East Ito-Yokado Building)” separately announced on September 6, 2013.

(Note 5) The Investment Corporation has started to operate Bell Plaza Shopping Center after it acquired the property for 1,336 million yen on December 3, 2007, but on August 31, 2009 it additionally acquired the former waterway on site, and adjacent signboards and the site itself for a total of 1 million yen. In addition, on June 29, 2012 it additionally acquired a newly added building built on site for 18 million yen.
